

PRIDE SOCCER CLUB

Program Description

Our mission is to provide a quality training environment using qualified and experienced coaches so that players will improve their technical and tactical abilities in order to reach their fullest potential in the game of soccer. It is also our goal to foster an enjoyment and love for the game of soccer so that players will continue to play through high school and beyond. We do this by using training methods that will benefit the abilities of the individual player and team, while also making training sessions fun. The primary focus of the Pride Soccer Club is player development. Our philosophy revolves around developing players to the fullest extent possible. Our organization also places a high value on respect, responsibility, discipline and developing players that embody these values in the game of soccer and life. It is our hope that players will get more out of their experience with the Pride Soccer Club than just soccer skills.
